## As a Water Safety Instructor (WSI), you can:

- Teach skills that can save lives
- Gain valuable work experience as an aquatics professional
- Earn money or join a volunteer team while you help people learn aquatics skills
- Learn organizational and presentation skills that can help you in any career
- Teach kids to swim, help adults refine their strokes and/or teach diving safety techniques
- Prevent and Respond to emergency situations
- Make a difference in people's lives

## Prerequisites:

- Minimum age 16 before the last scheduled class (bring birth certificate or license the first day).
- Must demonstrate the following skills according to the Stroke Performance Charts  
Level 4: Back crawl (25 yards), Breaststroke (25 yards), Elementary backstroke (25 yards), Sidestroke (25 yards), Butterfly (15 yards), Tread water (1min), and Back float (1min).

The purpose of the American Red Cross Swimming and Water Safety program is to teach people how to be safe in, on and around water and to teach individuals of different ages and abilities how to swim. Programming for people with special needs, such as those with disabilities and different skill levels, is a key component. In a logical progression, the program covers the knowledge and skills needed for aquatic skill development. As participants develop these skills, they will become safer and better swimmers.

## REGISTER NOW

### SPACE IS LIMITED

[WWW.ROUNDROCKRECREATION.COM](http://WWW.ROUNDROCKRECREATION.COM)
